was an eulogy of the gold standard, to the establishment and maintenance of which by the Republican party he as-

scribed the prosperity that followed the victory over Bryan in his first cam-

victory over Bryan in his first cam-paign.

"One of Mr. Bryan's most quoted sayings." said Mr. Shermap, "is that protection has slain its thousands; the gold standard has slain its tens of thousands. In his many changes he has not given up his hatred of sound money. He answers not a word to a pointed question in Chicago whether he would maintain the gold standard if elected.

"This country cannot afford to put, sound money in jeopardy. It cannot afford to trust the gold standard to its professed foe. The benefits enjoyed from it have been and are too rich and manifold to be imperiled for the profit of a partisan leader."

fires that have been raging in this country for three days are now subsiding somewhat. Later developments show that although all the buildings at Little River were burned, including the powder house, which exploded last night, with great resulting damage, the main mill, valued at \$10,000, is so far practically uninjured, leaving the total loss about \$125,000, well covered by insurance. The fire there is still smouldering and the remaining territory is safe unless the wind comes up again, which now seems probable. The main hope of the superintendent of the plant is in a huge reservoir, which has saved the main mill so far. A message from Carson Camp, owned by William Carson, Sr., the wealthiest lumber man in this country, states that the only hope of saving the seamp is an absence of wind.

The country, he said, should not lull itself into fancied security by what he called the tactful silence of the Democratic presidential candidate on this subject in All the Time-Torturing Eczema Covered Her Body-Could Not Sleep-Doctor Said Sores Would Last for Years-Skin Now Clear. this campaign. He argued that the election of Mr. Bryan, should insenity overtake the people and lead to such a result of the present campaign, would

CURED IN THREE MONTHS BY CUTICURA REMEDIES

"I take great pleasure in telling you what a great help it was for me to use Cuticura Soap and Cuticura Ointment for my baby niece. She was suffering from that terrible torture, eczema. It was all over her body but the worst was on her face and hands. Her hands were so had that she could not hold anything. She cried and scratched all the time and could not sleep night or day from the scratching. I had her under the doctor's care for a year and a half and he seemed to do her no good. I took her to the best doctor in the city and he said that she would have the sores until she was six years old. But if I had depended on the doctor my baby would have lost her mind and died from the want of nid. from that terrible torture, eczema.

have lost her mind and died from the want of aid.

"I used all the remedies that everybody told me about and I tortured the child almost to death. Then I saw in the paper how Cuticura was the thing for irritating skin. I bathed her with warm water and Cuticura Soap and used the Cuticura Ointment. She was cured in three months. Now her skin is as clear and smooth as it could be. I shall recommend the use of Cuticura wherever I see the skin in bad condition. Alice L. Dowell, 4759 Easton Ave., St. Louis, Mo., May 2 and 20, 1907."
